MINIATURE ROSES

F.O.B. PENNSYLVANIA SHIPPING POINT

Miniature Roses are permanently tiny, hardy outdoor plants, as hardy as regular H. T. Garden Roses. They should not be confused with Polyantha Roses. These miniatures grow only about 6 to 12 inches high, with blooms the size of a 5 or 10 cent piece when fully open.

Miniature Roses are shipped from September until May, from 3 inch pots with soil on their roots, and each plant is wrapped with Sphagnum moss in wax paper. On dormant plants shipped after Dec. 1st tops are cut back to about 1 inch to assure vigorous, symmetrical growth from the Base.

For over the counter sales pot them in 3 or 4 inch pots and bring into growth in a greenhouse or out of doors.
